Re: **Subscriber Notification Report - WC Docket No. 05-196**

Dear Ms. Dortch:

Please find enclosed the original and four (4) copies of this letter, Harbor Communications, LLC's ("Harbor") Subscriber Notification Report, filed in response to the Public Notice, DA 05-2085, released July 26, 2005, in the above referenced docket.

Harbor has two (2) VoIP customers, both of which were provided standalone disclaimers advising prominently and in plain language of the circumstances under which E911 service may be limited and/or not available through the interconnected VoIP service. These disclaimers were provided via facsimile and hand-delivery to the subscribers by the June 29, 2005 effective date of the rules.

Although Harbor did not receive affirmative acknowledgements from either customer by June 29th, 100% of acknowledgements were returned as of August 2, 2005.

Acknowledgements received from subscribers will be kept in a master file as well as a copy placed in each individual customer's file.

In addition, warning labels were hand-delivered to each customer. Customers were instructed through a cover letter and/or verbally to place the labels on or near the customer premise equipment used to access Harbor's VoIP Service.

Should you have any questions or need additional information regarding Harbor's compliance efforts with the Commission's *VoIP E911 Order*¹, please contact me at the above address, by telephone at (251) 662-1518 or by email at lwooten@harborcom.com.

Sincerely,

Leigh Ann Wooten
